Office of the Agricultural Chemist,
Government of Mysore,
Bangalore, January 28th 1903.

From

Dr. A. Lehmann, M.A., B.S.A., Ph.D.,
Agricultural Chemist to the
Government of Mysore,

To

The Secretary to the Government of Mysore,
General & Revenue Departments,
Bangalore.

Dear sir,

In continuation of my letter No. 303 of the 16th Instant I request you to ask ~~xem~~ Government to kindly sanction the expenditure of Rs. 37-8-0 for an additional 30 lbs of Formalin. Of this 15 lbs have already been bought in anticipation of Government sanction and spent in the second disinfection of the Laboratory and office of my department and the other 15 lbs are likely to be required very shortly as four more plague rats have been found since the last disinfection, and a third disinfection is likely required before work in the laboratory can be resumed with safety to the Assistants and the menials. Owing to the peculiar nature of ~~the~~ Chemical Laboratories in the way of fittings and apparatus it is practically impossible to thoroughly disinfect them with mercuric chloride. It was therefore necessary to use the comparatively expensive volatile disinfectant, "Formalin".

I have the honour to be,
Dear sir,
Your most obedient servant
A. Lehmann
Agricultural Chemist

1211-2

draft for a ltr

Read D

1) Letter No: 303 & 16.1.03.
2) " " 338 & 29.1.03.

The marginally noted letters from the Agricultural Chemist to the Govt of Mysore, Soliciting Sanction to the purchase of 45 lbs of Formalin in all at a total cost of Rs 56-4-0 for disinfecting his Office and the Chemical Laboratory.

Dn. H.1211-2

8/9.2.03.

Order thereon.

Sanctioned, the cost being debited to the provision in the current year's budget under the head "19 Scientific and other minor Departments, (7) Contingencies of the Agricultural Department."
